Cat Baths

The cost of bathing your cat depends on size, coat and temperament. Prices start at \$25.00 for short haired cats and \$30.00 for long-haired cats. Bathing is a wonderful way for your cat to look its best. Cats generate oils on their skin that is transferred to the fur and acts like a magnet for dirt and dust found in and on normal household carpeting. A bath will remove accumulated oil and dirt, leaving your cat's coat shiny and soft.

Our feline baths feature shampoos from Tropical Pet Effects. Pet Effects assortment of natural shampoos will leave your cat's coat ultra-clean soft, and lustrous, leaving a wonderful tropical scent that remains in the fur for days. Especially formulated for pets, these shampoos are so gentle, they could be used daily. Baths also include ear cleaning, nail trim, and a full drying with a final touch up personalized blow dry, and of course, a kitty bow!

A routine bath does not include extensive brushing or mat removal. The routine bath is designed for a well maintained cat, free of severe matting and extensive undercoat. If these conditions exist, we suggest you schedule a complete grooming for your cat.

_____ Yes, I would like to have my cat bathed on departure. I understand this bath includes all natural botanical shampoos, a complete blow dry, light brushing and a kitty bow.

Cat Grooming

A feline grooming includes a bath with our botanical line of shampoos, a full drying in our specialized feline dryers, (that dry cats completely without heat), a fluff drying and an extensive brushing, removing all undercoat and matting. Also included are a nail trim, ear cleaning and a cute kitty bow. Prices start at \$35.00 and go up according to size, temperament, undercoat and the amount of matting. Unfortunately, The Lodge will not shave down your cat.

Please note the following:

- Some loose hair will be noticeable after grooming for a few days until the coat relaxes. The fluffing and brushing process will loosen up a lot of dead hair and skin. Cats who receive a complete grooming will get a more extensive brushing and mat removal. Loose hair will be noticeable for a few days after a grooming and brushout. This is normal and will disappear after a couple of days.
- For some cats, a bath may not possible due to temperament. If this should occur with your cat, every effort will be made to continue, but should there be a threat to the safety of your cat or to the safety of our grooming staff, an abbreviated grooming will occur and a price adjustment will be made to your bill.
- Due to the bathing process, brushing and mat removal, your cat's skin may appear slightly pink and may show some topical skin flakes, sometimes referred to as dandruff. We assure you this is very normal after a bath and these conditions will normally disappear in a day or two.

____ Yes, I would like my cat to have a complete grooming. I understand a grooming will include a bath using one of our natural botanical shampoos, a blow dry, a nail trim, an extensive brush out, mat removal and a kitty bow. Please confer with our groomer for more specifics on grooming your cat. An appointment for a pre-departure grooming may be scheduled upon admission with a pick-up time that is convenient for you.

Thank you for your reservation. We look forward to seeing you and your pet at The Lodge.
